

Underwriting

Licensed in all fifty states.

Special Markets' underwriters have devoted years to quoting specialty risks just like yours. Our unique perspective comes from evaluating specialty risks for agents just like you. Our lead underwriters have over sixty (60) years of expertise. Experience that allows us to provide you with the most competitive quotes in the specialty insurance marketplace.

We are here to do whatever we can to assist you. We look forward to receiving your requests for quotes and writing coverage to satisfy your agency's and your clients' needs.

Your primary contact is your dedicated Special Markets representative. Any questions you have about a quote should be directed to them. Your representative will relay the details to us and get back to you promptly with an answer.

About Us

In 1985, **Special Markets Insurance Consultants, Inc.** recognized an opportunity to provide agents with a market for placing student accident insurance. As our network of agents expanded and long-term relationships were established, we began receiving requests to write coverage for a variety of special risks.

Special Market's core business is still accident medical coverage for children. We are extremely proud of our exclusive agreement with an "A"-rated industry leader to be their program manager for student accident medical and catastrophic student accident medical coverage for K-12.

The same carrier is also our primary market for underwriting special risk accident medical coverage for youth sports and special events.

We can also assist you with excess general liability and student travel medical plans.

Your requests and the needs of your special risk clients is our primary focus. Maintaining relationships is the key to our ongoing success.

When you think of accident medical coverage for children in the classroom or on the playing field, please think of Special Markets. Is there something on your desk that Special Markets Insurance Consultants, Inc. can turn into revenue for your agency?

We look forward to working with you.
